

SCA 2020 Census – Part 2

This is the second part of the SCA 2020 Census. In this part of the survey, we will ask you for demographic information about yourself. You may find that there are similar questions to the first part of this survey - these questions are repeated to include the data in the separate data sets.

If you feel uncomfortable answering any of the questions in this section, you may leave them blank. We are asking for this information to get a clearer picture of who we are, so that we can better serve the membership we have.

Your survey responses will be strictly confidential and data from this survey will be reported only in the aggregate. Your information will be coded and will remain confidential.
